Clay Landscape Tile

RUBRIC - Art Foundations

Evidence	Excellent 4	Good / Average 3	Needs Work 2	Minimal Effort 1
Craftsmanship / Weight				
Uniform size (6x6) & well defined form for tile, appropriate thickness (1/2-1 1/2 inches)				
Appropriately added details (shapes & textures) that would withstand firing				
Construction / Effort				
Appropriate use of overlapping and scale to give the illusion of depth				
Added varied texture through out: foreground middle ground and back ground, detail & definition softens in middle and background areas				
Appropriately smoothed form throughout (no burs of clay)				
Creativity / Detail				
Design appears well thought out: includes a clear focal point with middle and background details				
Unique and imaginative landscape idea that is clearly identifiable				
Work Ethic				
Used class time wisely & included holes for hanging				
Cleaned area & tools daily, assisted/helped classmates
